To visit Québec is to experience France without crossing the Atlantic. The architecture, the ambience, and the animated conversation on the street confirm the impression that a bit of France has been permanently imbedded in North America. Stroll along the streets of the atmospheric Latin Quarter and explore the historic stone and brick houses of Old Québec, the only remaining walled city north of Mexico. Visit the Place Royale and Notre Dame des Victoires, the oldest stone church in North America, and marvel at the turreted Château de Frontenac.

Quebec City

DAY 3 / Oct 10, 2027

Saguenay, QC (B,L,D)

Port: 7:00am – 5:00pm

The Saguenay Fjord Route is an outstanding landscape of sea, mountains and rising cliffs protected by three National Parks. Its exceptional natural beauty can be discovered by land, sea or air. With a decidedly French atmosphere and a touch of the Old World, the banks of the Saguenay Fjord are lined with charming villages surrounded by beautiful landscapes.

Sept-Îles lies 400 miles north of Quebec City on a deep-water bay and is named after the seven-island archipelago that buffers the city. The indigenous residents of the region, the Innu, call it "Uashat" which means "bay." The cultures of both the Innu and the Europeans who arrived in the 16th century feature heavily in the region. Modern-day Sept-Îles is recognized for its iron and aluminum export.

Corner Brook, NL

DAY 6 / Oct 13, 2027

Corner Brook, NL (B,L,D)

Port: 7:00am – 7:00pm

Corner Brook is located on the west coast of Newfoundland nestled among the Long Range Mountains. The coastline is filled with magnificent fjords, thick forested areas and jagged headlands. For thousands of years, people have lived and worked along the shores of the Humber River Valley and the Bay of Islands. The Port of Corner Brook has been welcoming cruise ships for more than 30 years. Nestled in the sheltered Bay of Islands, the 35 kilometre (22 mile) sail into Corner Brook is a favorite among cruise passengers, especially in the fall when the Blomidon Mountains are ablaze with vibrant autumn leaves. James Cook was the first to survey and record the geography of the Bay of Islands. Most of the maps he created are displayed at the Captain James Cook Monument. This picturesque region has many groomed walking trails as well as many thriving communities. Mount Moriah, Benoit's Cove, John's Beach and Frenchman's Cove and Lark Harbour are some of the fishing and mountain communities on Captain Cook's Trail.

PEI Lighthouse

DAY 8 / Oct 15, 2027

Charlottetown, PEI (B,L,D)

Port: 7:00am – 4:00pm

While Prince Edward Island is Canada's smallest province in terms of area and population, it more than makes up for this with the friendliness of its people, its natural beauty, and for being known as the birthplace of Canada. The island's landscape is dramatic and features rolling hills, pristine forests, reddish-white sand beaches, ocean coves and the famous red soil. The capital of Charlottetown offers a small town feel and a relaxed atmosphere with a cosmopolitan flair. The town has evolved into a dynamic city without sacrificing its historic charm. One certainly cannot think about Prince Edward without mentioning the author Lucy Maud Montgomery who once lived on PEI and drew inspiration from the land during the late Victorian Era for the setting of her classic novel "Anne of Green Gables." PEI also has another claim to fame with the Confederation Bridge built in 1997. The world's longest bridge over ice-covered waters provides a connection from PEI to the mainland Canada.

Nova Scotia

DAY 9 / Oct 16, 2027 Sydney, NS (B,L,D)

Port: 7:00am – 4:00pm

Cape Breton is fabled as a magical travel destination and the Port of Sydney is the gateway. Known for its beauty and unique Celtic music and culture, Sydney puts some of the Island's greatest sights and attractions at your fingertips when you disembark into the Joan Harriss Cruise Pavilion. The dockside pavilion offers an array of Shopping Boutiques, a Craft Market and the World's Largest Fiddle. You will also find wireless Internet services, a Visitor Information Centre, and the Cape Breton Island Exhibition Centre featuring artifacts, images and an overview of the rich culture and heritage of this historic Island. The city of Sydney has a deep history and was originally founded in 1785 by British Loyalists fleeing the perils of the American Revolution. The rich natural resources led these new settlers to establish prosperous coal and steel industries, which attracted immigrants from a myriad of ethnic and cultural backgrounds. To this day, Sydney remains a haven of multiculturalism. The Joan Harriss Cruise Pavilion is just a short drive from the community of Baddeck and the breathtaking Bras d'Or Lake where Alexander Graham Bell lived, worked and studied. On the east coast of Cape Breton lies the largest historic reconstruction in North America, the Fortress of Louisbourg. The Fortress is a Parks Canada National Historic Site and is described as a Williamsburg-style attraction that is not to be missed.

Peggy's Point, Nova Scotia

DAY 10 / Oct 17, 2027 Halifax, NS (B,L,D)

Port: 9:00am – 9:00pm

The capital of Nova Scotia and the largest city in Canada's Atlantic Provinces, Halifax was once Great Britain's major military bastion in North America. The beautifully restored waterfront buildings of Halifax's Historic Properties recall the city's centuries-old maritime heritage. Stroll the waterfront, and you may find Nova Scotia's floating ambassador, the schooner Bluenose II, tied up to Privateer's Wharf, just as old sailing ships have done for over 200 years. Halifax is also the gateway to Nova Scotia's stunning scenery, including famous Peggy's Cove, where surf-pounded granite cliffs and a solitary lighthouse create an unsurpassed scene of rugged natural beauty.
